

The new Ringfeder 5025 NZ series

OUR TOUGHEST COUPLING YET!

DESIGNED BY REAL CUSTOMER FEEDBACK

Next-Gen engineering that combines the best of the old and the new from Ringfeder. Built tough for New Zealand's harshest roads, every detail has been refined through real-world experience, delivering proven strength of 320 kN for reliable, heavy-duty performance.

With a new component design built for longevity, it ensures lasting value, dependable operation, and low running costs for long-term, trouble-free performance.

WHAT'S NEW?

- ✓ Manual twist-lock for second locking
- ✓ Improved top cover sealing fit
- ✓ Dust sealing for better dirt protection
- ✓ Improved upper bushing for smoother operation
- ✓ Grease nipple for grease or oil choice
- ✓ Reinforced coupling body for extra strength
